

Knowledge Crossing Borders
Congreso Internacional De Educacion Superior
(International Conference on Higher Education)
May 29 - June 3, 2012
West Chester University | West Chester, Pennsylvania

We are rapidly approaching the Knowledge Crossing Borders Conference and concurrent Global Presidential Conclave on the Future of Higher Education. The Conference and Conclave will be a unique opportunity to share current research and contemporary best practices with colleagues around the world and to establish networks that will support international cooperation well into the future.

Excitement about the Conference and Conclave is continuing to build, with the Conference attracting 140 presentation proposals representing 39 countries. The Global Presidential Conclave will bring together approximately 40 prominent university presidents and rectors, as well as political leaders, from around the world to discuss a global vision for higher education. Conference attendees will have opportunities to interact with these leaders from different countries and universities.

Moreover, the Conference and Conclave are being held in West Chester, Pennsylvania, which is one of the most attractive visitor destinations in the United States. Plan to spend a few extra days before or after the Conference to enjoy the area's many historic sites, professional athletic venues, and beautiful countryside and gardens or simply to relax in the many famous restaurants and shops. We look forward to seeing you at West Chester University in May 2012.
