### About
Most of today’s websites are secured with [SSL Certificates](https://www.digicert.com/internet-security-scholarship.htm), but even in the past few years Internet security has changed immensely. We want you to think about how fast the Internet security landscape is changing and explain how you see it evolving and improving in the future for both personal and business purposes. Be creative and think outside the box.

### Eligibility
Applicant must be a U.S. Citizen or Permanent Legal Resident of the United States and may not be an associate (employee) of any division of DigiCert, Inc.

Incoming freshmen: Applicant must be a current student and have a cumulative high school grade point average of at least 2.5 on a 4-point scale and must have taken either the ACT or SAT test. Applicant must also be a high school or home school senior graduating or earning a GED between January 1, 2015 and December 1, 2015 who will be attending an accredited college or university by spring semester 2016.

Current freshmen, sophomores, juniors, seniors and graduate students: Applicant must have a cumulative college grade point average of at least 2.5 on a 4-point scale, and be enrolled full-time at an accredited college or university between June 1, 2014 and May 31, 2015.

### How To Enter
- Write a 400-600 word essay about where you see Internet security in the next five years.
- Post the essay on your blog or website.
- Enter your name, email, and the URL of where your essay post is located in the fields to the right. Then click submit.
