

C-MITES

Carnegie Mellon Institute for Talented
Elementary and Secondary Students

Teachers Needed for Weekend Programs in ARDMORE and KENNETT SQUARE, PA

Who: energetic teachers with hands-on, academically challenging course ideas!

What: to teach classes for gifted students in Kindergarten – 9th grades

When: one or two Saturdays in the spring and/or one or two Saturdays in the fall

Stipend: \$220 for one full day (teachers) or \$100 for the day (TA's)

Courses:

Teachers may develop their own one-day workshops or teach already established curricula. C-MITES classes are hands-on, challenging experiences for talented students that are different from those in the typical classroom. Examples of past courses: Funky Science, Rocketry, Robotics, Stock Market, Paleontology, Survivor Math.

Teachers: experienced elementary school, middle school, high school, or college teachers

Teaching assistants: experienced teachers or undergraduate education majors
