I, \_\_\_\_\_ understand that the adapted physical activity minor courses are not offered all in the same semester and that in order to complete the minor, I will need to stick with the prescribed time schedule. I also understand that in order to take the Adapted Physical Education National Standards Exam, I must show proof of 200 hours teaching in adapted physical education which is in an approved program under the supervision of a Certified Adapted Physical Educator and that MOST of these hours will be achieved through the classes and supervisory work on Wednesday nights.
