Professional Advancement and Conference Registration Grants

The Graduate Student Association provides grants to WCU graduate students who present their research at professional meetings. These meetings are defined as gathers of organized societies of professionals to present **original research findings**. The goal is to enrichment of the academic experience for the student at WCU and representation of WCU at national meetings. A student may be reimbursed for **up to \$500.00** for presenting at such a meeting or conference.

- There is no guarantee that a student will be reimbursed the full \$500.00. Reimbursement depends both on funding available and proof of expenses.
- All grants must be based on the student's original research findings, and **approved by the academic advisor**.
- A student is able to receive reimbursement for **ONE** conference per academic year.
