

## **Student Health Services Fee Schedule Policy**

Accommodations for individuals with disabilities in accessing these policies are available upon request by emailing [accessiblepolicy@wcupa.edu](mailto:accessiblepolicy@wcupa.edu)

### **Purpose and Scope**

West Chester University recognizes students' health is a critical aspect of their success. The mission of Student Health Services is to provide personalized and accessible high-quality healthcare services and educational resources to support student success. The purpose of this policy is to establish a fee schedule for visits, services, medications, and supplies.

### **Policy Statement**

All actively enrolled students are eligible to use Student Health Services. Students are responsible for payment of visit charges from Student Health Services.

### **Procedure**

The Director of Student Health Services audits the Student Health Services fee and proposes changes. Adjustments to any health services fee will be based on market prices for appropriate health services. The [health fee schedule](#) is posted on Student Health Services website and is available at Student Health Services. Any questions regarding fees should be addressed by the student at the time of service. Student Health Services does not collect payment at the time of service. Any fees assessed will be posted to the student's university account and listed as a Student Health Charge. The health fee schedule will be reviewed and approved annually by the Assistant Vice President for Health and Wellness and the Vice President for Student Affairs prior to the start of each Fall semester. The approved fee schedule will be published on Student Health Services website.
