

Student Self Service in MyWCU Requesting and Printing a Degree Progress Report

Students can access, view and print a Degree Progress Report (DPR) to track their academic progress towards completion of their degree requirements.

Please note: The DPR is a guide for a student's academic progress. It is not intended, nor should it be used, as a true and final version of degree status. Some requirements may not map in properly on the degree progress report. Students should meet with their academic advisor to discuss their degree progress.
