

Help Plant Trees to Celebrate Earth Week!

When: Thursday, April 22nd, 10AM – 3PM

Saturday, April 24th, 10AM – 2PM

Where: The Gordon Natural Area - it's behind the football stadium on South Campus. We'll be meeting at the kiosk at the main entrance at R-Lot at 10AM. If you get there after 10, there will be instructions posted so that you can find us.

What to Bring: We'll be providing tools, snacks, water, sunscreen, bug repellent, hand sanitizer, and trees (of course). Wear appropriate footwear that you can work in and don't mind getting dirty.

We'll be working in a socially-distanced manner, so please wear a mask.

Questions: Email us at gna@wcupa.edu

NOTE: If the weather looks questionable, please check for updated information on the GNA website (<https://www.wcupa.edu/gordonNaturalArea>)
