

TOUCAN RESCUE RANCH VIRTUAL TOUR

APRIL 20TH • TUESDAY
9:30 - 11 AM

Join Dr. Paul Morgan's HON 314 Science, Technology, and Environmental System's class on a virtual trip to Costa Rica to tour the Toucan Rescue Ranch Wildlife Rescue Facility. During the tour you'll meet some of the animals currently under their care while learning about deforestation and restoration, the affects of the black market trade, the role citizens play in conservation, and the impacts of environmental education.
