The cost per student shall only be modified in writing with the same formality as the original Agreement. Concurrent enrollment students are exempt from the University application fee. Only high school students will be enrolled in the courses offered through this

The School District will remit a single payment for the total number of students enrolled in that semester by the end of the drop/add period. The payment for any given semester is due thirty days after the receipt of notification of final enrollments for that semester. The School District will ensure that students complete the enrollment form, which is available on the website of the University Registrar.

Non-degree students are not eligible to receive Financial Aid.

6. Student Credit

Each student shall be allowed to earn a maximum of 18 postsecondary credits through concurrent enrollment per academic year. The School District will award credit for and recognize courses that are successfully completed under this Agreement as fulfilling the applicable graduation requirements. All grades received will remain on the student's permanent college transcript.

Enrollment in the non-degree program does not imply admission to the University. To make a request for formal admission into a degree-seeking program, students must apply through the Office of Undergraduate Admission. If a concurrent enrollment student becomes a regularly enrolled student at the University following graduation from secondary school, the University shall recognize those credits as applying to the student's degree requirements as it would for any regularly enrolled postsecondary student who took the course. The grades earned as a non-degree student will remain on their transcript and will be included in the computation of the cumulative GPA should a non-degree student be accepted into a degree program.

All grades received will remain on the student's permanent college transcript. Accordingly, release of those records is bound by the Family Education Rights and Privacy Act. The University shall require students to sign a release allowing the University to report the grade and student attendance to the School District.
