Attention All Students:
Meet with National Science Foundation Program Director
Dr. Nora Savage

Tuesday, March 29th, 2016
3:45 PM– 4:15 PM
Schmucker Science Link 150

Dr. Savage is a Program Director in the Chemical, Bioengineering, Environmental and Transport Systems (CBET) Division within the Engineering Directorate at the National Science Foundation.

The National Science Foundation funds research and education in most [fields of science and engineering](mailto:fields%20of%20science%20and%20engineering). It does this through grants, and cooperative agreements to more than 2,000 colleges, universities, K-12 school systems, businesses, informal science organizations and other research organizations throughout the United States.

Stop by anytime between 3:45-4:15 to discuss:

⇒ Grant/fellowship opportunities within the NSF for undergraduate and graduate students
⇒ Your research interests
⇒ Why conducting research at the undergraduate level can make you stand out to potential employers or graduate schools.
⇒ Your education and career choices after WCU

*Sponsored by the Office of Research and Sponsored Programs*
