ULTIMATE CAREER GOAL: My ultimate goals is outstanding employment opportunities we provide including:

FAVORITE PART OF WORKING AT SRC: As an ultimate career goal, I want to find a way to fuse them together.

Yoga are up and coming in today’s society all over the world, and I want to be a part of that! Climbers to the general public. Rock climbing and yoga are both great forms of exercise. In the future, I will create a gym that offers yoga classes geared toward climbers to the general public. Rock climbing and yoga are different adventure!

It takes a lot to make the leap and try something new and out of the ordinary like yoga and/or rock climbing. For students like me, to take the time out of their day, and participate in my classes, puts a smile on my face. I love getting feedback so I can tailor the class to those particular students. Each class is a unique experience, and the energy and movement of Yoga with the core stabilizing and regenerative dynamics of Pilates. - Moderately paced
Campus Recreation at West Chester University is an unparalleled option for inclusivity on campus. No matter where your interests may lie, there is always an opportunity for you to get more involved, practice a skill in more depth, or just have a great time with your friends while exercising your mind and body.

I have always enjoyed taking part in the group fitness classes as well as using the facility’s incredible exercise features, yet my specific area of interest falls in sport clubs. Being the largest student run organization on campus, there are many ways to not only practice your abilities in one of the 29 competitive sports, but ways to take on leadership roles and make relationships that last a lifetime.

“Campus Recreation at West Chester University is an unparalleled option for inclusivity on campus. No matter where your interests may lie, there is always an opportunity for you to get more involved, practice a skill in more depth, or just have a great time with your friends while exercising your mind and body. I have always enjoyed taking part in the group fitness classes as well as using the facility’s incredible exercise features, yet my specific area of interest falls in sport clubs. Being the largest student run organization on campus, there are many ways to not only practice your abilities in one of the 29 competitive sports, but ways to take on leadership roles and make relationships that last a lifetime. ”

Employee Spotlight

NAME: Ruby Rhoad

POSITION: Yoga Instructor, Climbing Wall Instructor, and Climbing Wall Setter

COLLEGE AND MAJOR: College of Business and Public Management, Business Management Major, Minor in Business Geographic Information Systems, and a Minor in Dance

FAVORITE PART OF WORKING AT SRC: As an instructor I love to see new faces come to my classes. It takes a lot to make the leap and try something new and out of the ordinary like yoga and/or rock climbing. For students like me, to take the time out of their day, and participate in my classes, puts a smile on my face. I love getting feedback so I can tailor the class to those particular students. Each class is a different adventure!

ULTIMATE CAREER GOAL: My ultimate goals is to apply my degree of business management to my hobbies, yoga and rock climbing. In the future, I will create a gym that offers yoga classes geared toward climbers to the general public. Rock climbing and yoga are up and coming in today’s society all over the US and I want to find a way to fuse them together.
