Winter
Federal Work Study Student
Employment Application

- To be considered for Federal Work Study for the winter session covered by this application the applicant must have a valid FAFSA on file, accessible to WCU and meet the eligibility requirements to receive federal financial aid.
- Employment awards and assignments are based on the availability of funds and departmental needs during the winter term. Awards are calculated using the fall cost of attendance at the time the application is reviewed.
- If students utilized their full fall allocation for their current work study position there is a chance they will not qualify for work study in the winter term due to budget constraints.

Eligible students will be notified of their eligibility, via their WCU email accounts. Please check your WCU e-mail account and monitor your aid package via myWCU, for financial aid alerts, on a regular basis.

Federal Work Study awards, unlike other sources of financial aid, will NOT appear as anticipated aid on your account summary/bill. Students receive direct, bi-weekly compensation for the hours worked. Earnings are intended for educational expenses.

Federal Work Study Student Employment program participants may hold only one job processed by the WCU Payroll Office. Students offered Federal Work Study are under no obligation to accept the offer.

Not all students interested in the Federal Work Study Program will be able to participate due to the eligibility guidelines governing the program and the funding available.

Please detach this page and keep for you records prior to submitting your application.
