

## Superhero Supplies and Notes

Use one of the character forms in the file or you can search online for “Superhero croquis” or Action Croquis. A croquis (Crow-key) is a blank canvas that you can draw costumes or clothing on.

Once you have printed up your croquis (character template) decide what characteristics your superhero has; Brave, kind, a loner, strong, empathic. While you’re doing that decide on their superpower(s). All this information will decide what their costume will look like. We will walk through all this and color choices together.

### Supplies:

- A printed up croquis/character onto which you will draw your costume.
- Multiple colors of markers or colored pencils, or even crayon. You can use any medium you’d like. I like colored pencils because they let me fix mistakes, but maybe you like using markers.
- Your imagination.
