Summary

Welcome student organization treasurers! SGA is excited to start the budgeting process for next academic year. As treasurer, you play an important role in the functioning of not only your organization, but the entire West Chester campus/community. While performing your responsibilities as treasurer you may feel lost from time-to-time. Fear not - Student Government Association, leadership consultants, and the faculty that work in these respective organizations are always here to help and guide you through the academic year.

Organization treasurers are not expected to know how to complete this budget form. Therefore, this page will act as a guide to help you successfully complete and submit this budget form to the right people by the appropriate deadline.

To the right are the deadlines which this form must be submitted and to whom this form must be submitted to. Next, are the important resources and contact information that can be used to help you through the budgeting process. Following the resources are explanations of each section; feel free to reference this tab while filling out this budget form. Best of luck to you and your organization!

Resources/Contact Information

1. Financial Policies and Procedures (FPPs): The FPPs are the policies and procedures that dictate how student organization funding operates at West Chester University.

2. Finance Committee Budgeting Guidelines: The following guidelines are to be used by the SGA Finance Committee during the budgeting process. They do not govern the expenditures of student organizations, nor should they be used by student organizations to leave line-items out of their budgets. Organizations are encouraged to submit the full range of expenditures planned by the club. Due to the large amount of funds requested, certain activities must take precedence during the budgeting process. These guidelines are established by the finance committee prior to the budgeting process and are followed to ensure fair and consistent budgeting practices are maintained for all organizations.

3. SGA 2020-2021 Budgeting Seminar: The budgeting seminar which all SGA funded organization treasurers must attend was held in the fall semester by the SGA treasurer. The seminar explained how to appropriately fill out this budget form.

All three of the resources above are extremely helpful in successfully completing the student organization budget form. All three resource documents can be found/accessed on Student Government Association's RamConnect page.
