

YOUR NEW WCU RAM CARD

Go to www.ramecard.com **NOW** to upload your ID photo!

The Ram Card is your official **WCU ID** and your key to the campus!

Like a passport photo, your **WCU ID picture** has to meet **specific criteria**, so read through the information below and the tips to the right to successfully upload your photo. You'll have two chances to upload a photo. If you have two unsuccessful tries, you won't be able to upload more photos and will have to contact the Ram Card Office for assistance.

Before you say cheese, here's how to take a winning photo!

- ⇒ Ask a friend to take it. You can't get the right angle if you take a selfie
- ⇒ Take it in front of a **PLAIN WHITE** background. Anything else will be rejected.
- ⇒ Face forward and look straight at the camera.
- ⇒ Be sure your face, neck and the tops of your shoulders are visible with some space showing above your head.
- ⇒ Take a color photo **without filters**.

PHOTO CRITERIA

- Well lit, color photo
- Facing forward
- **Plain white background only**
- Head, neck & top of shoulders showing in photo
- Visible space above head
- No hats or sunglasses except head coverings worn for religious reasons.
- No one else in your photo (*we know you love them, but this includes your pets!*)

These are good ID photos that meet the criteria
