Score Report Example for
ACT Tests
After
August 31, 2016
The writing test scores range from 2 to 12.

Test scores are estimates of the student's educational development. Think of true achievement on this test as being within a range that extends about one standard error of measurement, or about 1 point for the Composite and writing scores, and 2 points for STEM, ELA, and the other test scores, above and below the student's score.
