THE STUDENT TEACHING EXPERIENCE

Thank you for your willingness to mentor a West Chester University teacher candidate this semester. Student teaching is the “capstone” event of each teacher candidate’s preparation. Our shared goal is to prepare each candidate to become a confident, caring and highly effective professional and to be a leader in the educational field. Your commitment and dedication to this mentoring process will help develop an emerging teacher who will collaboratively have an impact on generations of students to come. Through your guidance, the teacher candidate will begin the process of translating educational theory into classroom practices and instructional strategies which will impact each student’s achievement.

The time and dedication that you are devoting to successfully develop a new teacher is evidence of your willingness to help mold the next generation of teachers. We trust that your participation as a cooperating teacher will be a professionally enriching experience for you.

WCU Message to Student Teachers regarding COVID-19

You are beginning your semester of student teaching in a unique and unprecedented time. The COVID-19 pandemic has affected every aspect of our lives.

Your student teaching assignment presents a unique opportunity as an educator. It also requires a heightened awareness of responsibility for you and for the school community where you will be teaching.

In the school where you are assigned you will be responsible for not only keeping yourself healthy, but as a member of that school community, observing all the protocols for disease prevention to keep the students, the teachers, and the staff of that school healthy, too.

You are reminded of these protocols to assist you with this significant responsibility: Observe all the guidelines set forth by the school district for the health of the students and staff. (e.g. masks, social distancing, frequent hand washing)

The school district that has accepted you has an expectation of you as a Student Teacher. Additionally, they have an expectation of you as a participant in the observance of safe health procedures to keep the school environment free of COVID-19.

Best regards,
Office of Clinical Experiences
West Chester University
PROGRAM DESCRIPTION

Commonwealth of Pennsylvania Regulations
Rules and regulations set forth by the Commonwealth of Pennsylvania establish the framework for West Chester University's Teacher Education Program. The University has been given program approval by the Commonwealth for the certification of teachers. Through periodic review by the Pennsylvania Department of Education, the University maintains program approval leading to certification of teachers.

Preparation and Assignment of Student Teacher Candidates
The primary purpose of the student teaching experience is to provide an opportunity for the acquisition and demonstration of instructional competence by the teacher candidate. Mentor teacher assignments for student teaching are made by the Director of the Office of Clinical Experiences and Candidate Services. Teacher candidates are assigned to specific mentor teachers, not to a school or school district. All student teaching assignments are full-day, full-time experiences for which students receive 12 semester hours of credit.

GENERAL RULES AND POLICIES FOR TEACHER CANDIDATES

TEACHING RESPONSIBILITIES
The first obligation of the teacher candidate is to fulfill as effectively as possible every role of the teacher. The teacher candidate is urged to participate as fully as possible in the activities of the host school. Student teaching is the culminating activity of the Teacher Education Program and is a full-time responsibility. The teacher candidate’s actions have an impact, not only upon the teacher candidate, but also upon the P-12 students, the mentor teacher, the hosting school, and West Chester University. Therefore, the student teaching experience must take precedence over all other commitments.

ATTENDANCE WITHIN PLACEMENT
The teacher candidate is responsible for attending school the full teaching day. The teacher candidate reports to the assigned school at the same time the mentor teacher is required to report and is to remain until the end of the scheduled day (following the same schedule as the mentor teacher). Teacher candidates are expected to observe the same rules and punctuality which apply to the Mentor Teacher. Teacher Candidates follow the calendar of their assigned school/district.

Because of the value of this professional experience, teacher candidates are expected to participate in all aspects of teaching including, but not limited to attending parent-teacher conferences, workshops, faculty meetings, and other professional activities if permitted by the building administration.

SEMINAR ATTENDANCE
In addition, each teacher candidate is required to attend a professional seminar which is conducted concurrently with student teaching. The seminar is conducted by the university supervisor and is designed to consider practical problems encountered while teaching and to develop a functional understanding of Pennsylvania School Law. Attendance and participation in the seminar are factored into the teacher candidate's final grade for student teaching.
**EXTRA-CURRICULAR ACTIVITIES**
The extra-curricular program at each school site offers an excellent opportunity for a teacher candidate to gain needed professional experience in planning and directing an extra-curricular program. Teacher candidates are encouraged to assist with coaching, clubs, and other extra-curricular programs as long as the activities do not interfere with teacher candidate's teaching responsibilities.

**ABSENCES**
Teacher candidates are permitted five days of absence for the entire semester. These absences may be used for illness, emergencies, conferences, or interviews. Absences for conferences and interviews should be cleared with the mentor teacher and the university supervisor at least two days in advance. In the case of an absence, teacher candidates must notify their mentor teacher and the university supervisor of the impending absence as soon as it becomes apparent that an absence will be necessary. The university supervisor and mentor teacher will keep a record of the date and the reason for each absence.

All absences from student teaching in excess of five days must be made up by the teacher candidate. Arrangements for such make-up days must be made with the university supervisor and the mentor teacher. Student teaching grades and credits will be withheld until the make-up arrangement is fulfilled.

**TRANSPORTATION**
Teacher Candidates are responsible for arranging their own transportation to and from their assigned school.

Teacher Candidates must not transport school students in any vehicle. This stipulation includes field trips and other activities.

**FINAL GRADE**
The final grade for student teaching is the responsibility of the university supervisor after consultation with the mentor teacher. To be eligible for a Pennsylvania Teaching Certificate, the teacher candidate must receive at least an academic grade of “C” for both assignments. Candidates are evaluated on the Danielson (which includes the PDE 430) and the SLO.

The Danielson evaluation and the dispositions are completed in the Professional Education Unit’s online assessment system called Tk20. For more information about and to view the evaluation forms, please access the Professional Education Unit’s tab on the Assessment and Accreditation webpage, [https://www.wcupa.edu/education-socialWork/assessmentAccreditation/assessmentResources.aspx](https://www.wcupa.edu/education-socialWork/assessmentAccreditation/assessmentResources.aspx).
DISCIPLINARY ACTION

Mentor teachers and principals who believe a teacher candidate has behaved in an inappropriate manner should contact the university supervisor immediately. The Unit Dispositions Policy will be utilized to address the concern. The supervisor will assist the mentor teacher and principal in addressing the matter and will coordinate any disciplinary action which is taken against the teacher candidate either by university or school district officials.

USE OF TEACHERS’ ROOMS AND OTHER FACILITIES

Each principal and/or mentor teacher is requested to instruct teacher candidates regarding the use of teacher’s lounge and other facilities.

STATE LAWS CONCERNING LIABILITY

Teachers and Teacher Candidates have been held legally liable by the Pennsylvania courts for the behavior of students under their direction. If a student is injured because of the negligence of either a teacher or teacher candidate, both the teacher and teacher candidate can be held legally responsible. For this reason, it is highly advisable for the teacher candidate to be protected by liability insurance. Such insurance is highly recommended and typically available through membership in the Student Pennsylvania Education Association (PSEA)/National Education Association (NEA) or through an insurance company.

INJURIES INCURRED WHILE STUDENT TEACHING

Teacher candidates are encouraged to maintain a health insurance program in case of an injury suffered while participating in the student teaching experience. Student insurance plans are available through the Student Health Services. Information regarding the insurance program may be obtained from the Student Health Services, Ground Floor, Commonwealth Hall, telephone: (610) 436-2509.

If a teacher candidate incurs an injury while performing the duties of a teacher candidate, West Chester University will not accept responsibility for the medical care required to treat the injury. The school district to which the teacher candidate is assigned may or may not accept responsibility.

**WCU SUBSTITUTE TEACHING WHILE STUDENT TEACHING POLICY**

WCU’s College of Education and Social Work policy, relative to student teachers, regarding Act 86 of 2016 permitting prospective teachers to act as substitute teachers are outlined in the following document. The policy applies to West Chester University student teachers during their assigned student teaching placement.

*The Substitute Teaching Permit for Prospective Educators*

**NOTE:** All decisions relating to student teacher readiness and responsibilities will be determined by the mentor teacher, university supervisor and student teacher.
EXPECTATIONS, GOALS, AND OUTCOMES

All public school districts utilized for student teaching experiences have been approved by West Chester University. Each department continuously evaluates each student teaching assignment and investigates new situations in order to provide optimum and diverse opportunities for each teacher candidate.

The successful outcome of the experience is dependent upon the positive relationships between the teacher candidate, the mentor teacher, and the university supervisor.

The basic roles and responsibilities are as follows:

MENTOR TEACHER:
• Provides opportunities for the student to observe effective teaching styles, processes, and procedures through the use of current materials and strategies.
• Assists the teacher candidate in assimilating experiences into appropriately structured teaching/learning strategies and procedures, i.e., long/short range planning and subsequent instruction.
• Evaluates student teaching experiences at the end of each day and provides pertinent feedback which will promote continuing improvement.
• Develops within the teacher candidate an awareness of classroom management skills, professional responsibilities, and faculty/administration rapport.
• Completes a recommendation for each teacher candidate to be submitted to the university supervisor within one week after the close of each assignment.
• Evaluates the teacher candidate on the four domains of Danielson, including the sub-domains, and provides written feedback related to the candidate’s progress in each domain.

UNIVERSITY SUPERVISOR:
• Observes each teacher candidate a minimum of six times per semester or three times per 7.5 week assignment.
• Evaluates each observation and confers with the teacher candidate and the mentor teacher.
• Assigns the final grade in consultation with the mentor teacher.
• Completes a recommendation for each teacher candidate.
• Schedules, plans, and conducts seminars for teacher candidates.
• Evaluates the teacher candidate on the four domains of Danielson, including the sub-domains, and provides written feedback related to the candidate’s progress in each domain.

TEACHER CANDIDATE:
• Observes classroom teaching strategies, techniques, procedures, student behavior, and classroom management techniques of the mentor teacher and other faculty members within the school.
• Presents an appropriate lesson plan for each assigned teaching situation two days prior to the actual instructional period.
• Evaluates student responses to the above activities.
• Evaluates himself/herself on the four domains of Danielson, including each sub-domain.
• Complies with the Acceptable Use of Technology Policy established by the school district.
REQUIREMENTS FOR THE TEACHER CANDIDATE

The mentor teacher and university supervisor should plan together to establish specific requirements for the teacher candidate. Teacher candidates should be responsible for the following:

- Assuming full responsibility for the class/schedule for a period of time to which the mentor teacher and university supervisor agree; the decision concerning how and when to increase a teacher candidate’s classroom responsibilities should be a joint decision, involving all three key participants – the mentor teacher, the teacher candidate, and the university supervisor.
- Observing at least four other teachers during the semester; these teachers should represent a variety of curricular areas and styles of teaching.
- Writing daily lesson plans for all lessons taught.
- Attending all seminars required by the university supervisors.
- Maintaining a three-ring notebook or electronic file for organizational purposes; this file should include lesson plans and other student materials; the notebook or e-file should also contain teaching ideas and materials accumulated during student teaching.
- Developing and implementing at least one complete instructional thematic/interdisciplinary unit during the student teaching semester; the unit must include a student evaluation component.
- Creating two visual displays (e.g., bulletin boards, showcases, and learning center) in a classroom or elsewhere in the school; these displays should be instructional in nature or a display of the students’ projects, etc., and must be approved by the mentor teacher.
- Using educational technology either alone or in conjunction with the mentor teacher.
- Creating and critiquing a video of a lesson taught by the teacher candidate (the video must comply with the school district’s privacy policy).

ASSUMPTION OF TEACHING RESPONSIBILITIES BY THE TEACHER CANDIDATE

The teacher candidate should assume a series of gradually more challenging tasks. The teacher candidate should:

- Begin with observations.
- Continue with assisting the mentor teacher or department/grade level members with small tasks such as tutoring or teaching small groups.
- Progress to responsibility for instructing one or more subjects/classes.
- Proceed to full responsibility for instructing the class/schedule (if appropriate).

Progress in the assignment of new tasks will depend upon the readiness of the teacher candidate and the needs of the students. The mentor teacher should give consideration to the teacher candidate’s satisfactory completion of tasks at each stage. The teacher candidate is expected to participate in all aspects of teaching, including but not limited to attending faculty meetings and parent conferences, reviewing homework, and administering assessments.

GUIDELINES FOR UNIVERSITY SUPERVISORS

Coordinate each phase of the student teaching experience through the department coordinator of student teaching by maintaining and filing accurate and correct materials for:

- Student teaching placements (including any mid experience changes)
- Individual student records
- Travel forms (completed monthly)
- Observation forms
- SLO and Danielson and appropriate assessment documents
- Assignment of academic grades
Develop and maintain a working relationship between mentor teachers, school administrators, and teacher candidate as follows:

- Schedule an initial conference with each mentor teacher to discuss the expectations of the teacher candidate experience.
- Schedule a mid-assignment conference with the mentor teacher and teacher candidate to discuss the progress of the teacher candidate and to complete the Danielson and other appropriate assessment documents.
- Conduct an end-of-assignment conference with the mentor teacher and the teacher candidate for the purpose of completing the overall evaluation of the teacher candidate and completing the Danielson and other appropriate assessment documents.
- Confer with school administrators to discuss issues concerning the student teaching program and/or particular teacher candidates.
- Serve as a liaison between teacher candidates and the building and district personnel.

Work with mentor teachers in the planning of observations, and evaluation of teacher candidates as follows:

- Review the manner and logistics of observations and conferences.
- Review the type, level, and intensity of experiences which contribute to the growth of teacher candidates.
- Provide guidance and information to aid the mentor teacher in preparing an evaluation of the teacher candidate’s performance.
- Observe the teacher candidate’s teaching and provide guidance to make his/her teaching more effective and efficient.

Perform Observations and Critique Performance

- **Six on-site observations are required. If the teacher candidate has two assignments, three are required for each assignment.**
- An observation may be announced or unannounced. In order to gather sufficient information and to provide effective feedback, an observation should include a complete lesson. During the observation, the teacher candidate’s lesson plan as well as the implementation of the plan should be considered by the supervisor.
- Each observation should be immediately followed by a conference with the teacher candidate.
- The observation must be recorded on an approved observation form.
- Data gathered from observations will be utilized in the preparation of performance ratings for the teacher candidate.
- Determination of the teacher candidate’s grade should be made by the university supervisor after conferring with the mentor teacher and completing other appropriate assessment documents on Tk20. The appropriate assessment documents must be delivered to the program coordinator who will forward them to the appropriate individuals within the university.
- Final academic grades for teacher candidates must be assigned and submitted to the Office of the Registrar.
Conduct Conferences

- A conference should have five components:
  1. The student's self-evaluation.
  2. A review of the student's performance
  3. A statement of the areas, instructional strategies, and/or activities which were effective
  4. A statement of areas for improvement
  5. Specific recommendations regarding how to improve

Assist teacher candidates with problems which may arise during the student teaching experience.

- The university supervisor should serve as a liaison between the teacher candidate and the school. The university supervisor should make every reasonable effort to assist the teacher candidate in making the adjustment to the professional world. This may entail more than the minimum number of observations, more frequent conferences, three-way conferences, etc. The university supervisor is also responsible for enlisting the aid of the department student teaching coordinator to utilize other university services including the Units’ dispositional expectations for candidates.

Conduct a professional practicum course (seminar)

- Seminars shall be held on campus unless other arrangements have been made with the department coordinator. Teacher candidates may leave their schools before the end of the school day in order to arrive at the seminar in a timely fashion.
- Each university supervisor shall submit to the department and to the students a syllabus of course topics and assignments that include the core requirements and additional assignments that contribute to the development of the teacher candidate.
- The course topics will be designed to help teacher candidates interpret their experience more fully and promote professional growth.

GUIDELINES FOR MENTOR TEACHERS

The student teaching experience is the most strategic and important aspect of the teacher candidate’s education program. Mentor teachers determine the direction and outcome of each student’s experience as a teacher candidate.

Qualifications

A mentor teacher must be an experienced teacher with the following specific qualifications:

- Be willing to serve as a mentor teacher and to provide the necessary time to plan and evaluate the teacher candidate’s performance.
- Hold a Pennsylvania Instructional Certificate in the same field as the one for which the teacher candidate is seeking certification.
- Have a minimum of three years of successful teaching experience in public schools, with at least one year in the current school district.
- Have a regular, full time teaching schedule.
- Be recommended by the district/school administration.
Role and Responsibilities

- The role of mentor teachers is critical in the professional growth of teacher candidates. The mentor teachers become mentors who guide the growth and transition of teacher candidates from student to professional. As such, mentor teachers act as a trusted guide, teacher, sponsor, host, counselor, supporter, advisor, coach, encourager, and consultant.

Assigned Duties of the Teacher Candidates

- Delegate certain routine but essential responsibilities to the teacher candidate at the onset of the experience. Assign additional instructional and teaching assignments/classes as are appropriate in accordance with the readiness of the teacher candidate.

Instructional Planning by Teacher Candidates

- Effective teaching necessitates good planning. West Chester University prepares all teacher candidates to create lesson plans utilizing a lesson plan rubric contained in the Candidate Assessment Resources webpage https://www.wcupa.edu/education-socialWork/assessmentAccreditation/assessmentResources.aspx.
- Review the teacher candidate’s lesson plan for each lesson before it is taught so that suggestions may be made and incorporated. No lesson should be taught until a complete lesson plan is presented.
- The importance of thinking and planning in terms of the individual students in each class, the students’ needs, students’ interests, etc. is stressed throughout the College of Education Teacher Preparation.

Classroom Teaching by Teacher Candidates

- Assign a major responsibility for one or two lessons, for a unit, or for a period of time. As the teacher candidate demonstrates his/her readiness, you may assign additional lessons.
- Provide experiences with groups which include students with varying abilities.
- Make clear to the teacher candidate, and indirectly to the students, the level of authority and responsibility which is being assigned to the teacher candidate.
- Provide the teacher candidate experiences for measuring and evaluating student growth and development; the teacher candidate should prepare a variety of tests, assessment tools, and evaluation situations.
- Inform the students that the teacher candidate is “in charge” when teaching.
- Help the teacher candidate realize that without proper classroom management nothing worthwhile can be accomplished and that good planning and instruction will do much to minimize the need for extreme disciplinary measures.

Welfare of Students

Mentor teachers have the ultimate responsibility for the growth and development of the students in their class; therefore, the mentor teacher should:
• Intervene in the middle of a class period ONLY when he/she is certain of irreparable damage to the students. Like everyone else, teacher candidates can learn from mistakes. If the mentor teacher must take over, it should be done with tact and finesse.

• Schedule a conference with the teacher candidate, as soon as possible after the conclusion of the lesson, to help him/her determine why the situation developed and what measures could be taken to deal with a similar situation in the future.

• Confer with the university supervisor if the teacher candidate cannot be permitted normal responsibility without jeopardizing the best interest of the students. If dispositional expectations are not met, changes to the placement may result.

• Along with the principal, address parental concerns regarding their son or daughter being taught by a teacher candidate.

**Professional Growth and Development**

The mentor teacher should:

• Advise and guide the teacher candidate in proper interpretation and involvement in faculty room experiences and discussions.

• Encourage planned professional reading.

• Promote development of a carefully planned library of teaching aids.

• Prepare the teacher candidate for interactions with parents or other teachers.

• Help the teacher candidate to become conscious of the application of professional ethics to the many and varied situations which arise such as a request by a parent that the teacher candidate tutor a student.

**Evaluation of Growth and Development**

The evaluation by the mentor teacher is of enormous importance to the growth of the teacher candidate; therefore, the mentor teacher should:

• Make evaluation a continuous process taking place before and after every lesson which is taught by the teacher candidate.

• Schedule conferences with the university supervisor.
  - The initial conference should concern expectations.
  - The mid-assignment conference should concentrate on growth and development.
  - The end-of-assignment conference should focus on overall level of performance. These conferences, as well as others, may be informal, but they will provide the university supervisor with valuable input relative to the PDE 430 evaluation report and the other appropriate documents.

• Guide the teacher candidate’s self-evaluation at the midpoint and at the close of the assignment.

• Report the status of professional growth and development of the teacher candidate to the university supervisor.

The evaluation should be done in such a way as to provide school officials with a thorough, reliable basis for selecting teachers. Your remarks on evaluation letters will provide school districts with valuable insights during the hiring process.
GUIDELINES FOR PROVIDING FEEDBACK TO THE TEACHER CANDIDATE

“Feedback” is a way of helping another person to consider changing his/her behavior. It is a form of communication which gives the individual information about how he/she impacts others.

Some criteria for useful feedback are:

- It is **descriptive** rather than evaluative. By describing one’s own reaction, it leaves others free to use it or not to use it as the individual sees fit. Avoiding evaluative language reduces the need for the individual to react defensively.
- It is **specific** rather than general (To be told that one is “dominating” will not be as useful as to be told that “just now when we were deciding the issue, you did not listen to what others said and I felt forced to accept your arguments”).
- It takes into account the needs of both the receiver and giver of feedback. Feedback can be destructive when it serves only the provider’s own needs and fails to consider the needs of the person who receives the feedback.
- It is directed toward behavior which the receiver can rectify. Frustration is only increased when people are reminded of short-comings over which they have no control.
• It is solicited, rather than imposed. Feedback is most useful when the receiver has formulated the kind of question which those observing can answer.

• It is well timed. In general, feedback is most useful when given at the earliest opportunity after the observed behavior, when consideration is given to the person’s readiness to hear it, and when support is available from others.

• Negative feedback is most effective when given in a relaxed manner. It is not necessary to severely criticize an individual in order to obtain results. Before offering suggestions for the solution of a professional problem, provide the teacher candidate an opportunity to reflect and provide his/her suggestions to resolve the situation.

• Feedback should provide clear communication. The recipient should rephrase the feedback received to confirm that the recipient’s understanding corresponds to what the sender intended.

• The feedback conference should close with three things:
  1. A summary of findings, conclusions, and decisions.
  2. A specific course of action.
  3. A closing which encourages and leaves the teacher candidate with the confidence that the discussion held within the conference and the resulting decisions will ensure the growth and development of her/his ability.

The Professional Standards and Practices Commission is committed to providing leadership for improving the quality of education in this Commonwealth by establishing high standards for preparation, certification, practice and ethical conduct in the teaching profession.

§ 235.2. Introduction

(a) Professional conduct defines interactions between the individual educator and students, the employing agencies and other professionals. Generally, the responsibility for professional conduct rests with the individual professional educator. However, in this Commonwealth, a Code of Professional Practice and Conduct (Code) for certificated educators is required by statute and violation of specified sections of the Code may constitute a basis for public or private reprimand. Violations of the Code may also be used as supporting evidence, though may not constitute an independent basis, for the suspension or revocation of a certificate. The Professional Standards and Practices Commission (PSPC) was charged by the act of December 12, 1973 (P. L. 397, No. 141) (24 P. S. § 12-1251—12-1268), known as the Teacher Certification Law, with adopting a Code by July 1, 1991. See 24 P. S. § 12-1255(a)(10).

(b) This chapter makes explicit the values of the education profession. When individuals become educators in this Commonwealth, they make a moral commitment to uphold these values.

§ 235.3. Purpose.

(a) Professional educators in this Commonwealth believe that the quality of their services directly influences the Nation and its citizens. Professional educators recognize their obligation to provide services and to conduct themselves in a manner which places the highest esteem on human rights and dignity. Professional educators seek to ensure that every student receives the highest quality of service and that every professional maintains a high level of competence from entry through ongoing professional development. Professional educators are responsible for the development of sound educational policy and obligated to implement that policy and its programs to the public.

(b) Professional educators recognize their primary responsibility to the student and the development of the student’s potential. Central to that development is the professional educator’s valuing the worth and dignity of every person, student and colleague alike; the pursuit of truth; devotion to excellence; acquisition of knowledge; and democratic principles. To those ends, the educator engages in continuing professional development and keeps current with research and technology. Educators encourage and support the use of resources that best serve the interests and needs of students. Within the context of professional excellence, the educator and student together explore the challenge and the dignity of the human experience.
§ 235.4. Practices.

(a) Professional practices are behaviors and attitudes that are based on a set of values that the professional education community believes and accepts. These values are evidenced by the professional educator’s conduct toward students and colleagues, and the educator’s employer and community. When teacher candidates become professional educators in this Commonwealth, they are expected to abide by this section.

(b) Professional educators are expected to abide by the following:

(1) Professional educators shall abide by the Public School Code of 1949 (24 P. S. § § 1-101—27-2702), other school laws of the Commonwealth, sections 1201(a)(1), (2) and (4) and (b)(1), (2) and (4) of the Public Employe Relations Act (43 P. S. § § 1101.1201(a)(1), (2) and (4) and (b)(1), (2) and (4)) and this chapter.

(2) Professional educators shall be prepared, and legally certified, in their areas of assignment. Educators may not be assigned or willingly accept assignments they are not certified to fulfill. Educators may be assigned to or accept assignments outside their certification area on a temporary, short-term, emergency basis. Examples: a teacher certified in English filling in a class period for a physical education teacher who has that day become ill; a substitute teacher certified in elementary education employed as a librarian for several days until the district can locate and employ a permanent substitute teacher certified in library science.

(3) Professional educators shall maintain high levels of competence throughout their careers.

(4) Professional educators shall exhibit consistent and equitable treatment of students, fellow educators and parents. They shall respect the civil rights of all and not discriminate on the basis of race, national or ethnic origin, culture, religion, sex or sexual orientation, marital status, age, political beliefs, socioeconomic status, disabling condition or vocational interest. This list of bases or discrimination is not all-inclusive.

(5) Professional educators shall accept the value of diversity in educational practice. Diversity requires educators to have a range of methodologies and to request the necessary tools for effective teaching and learning.

(6) Professional educators shall impart to their students principles of good citizenship and societal responsibility.

(7) Professional educators shall exhibit acceptable and professional language and communication skills. Their verbal and written communications with parents, students and staff shall reflect sensitivity to the fundamental human rights of dignity, privacy and respect.

(8) Professional educators shall be open-minded, knowledgeable and use appropriate judgment and communication skills when responding to an issue within the educational environment.
(9) Professional educators shall keep in confidence information obtained in confidence in the course of professional service unless required to be disclosed by law or by clear and compelling professional necessity as determined by the professional educator.

(10) Professional educators shall exert reasonable effort to protect the student from conditions which interfere with learning or are harmful to the student’s health and safety.

§ 235.5. Conduct.

Individual professional conduct reflects upon the practices, values, integrity and reputation of the profession. Violation of § 235.6—235.11 may constitute an independent basis for private or public reprimand, and may be used as supporting evidence in cases of certification suspension and revocation.

§ 235.6. Legal obligations.

(a) The professional educator may not engage in conduct prohibited by the act of December 12, 1973 (P. L. 397, No. 141) (24 P. S. § 12-1251—12-1268), known as the Teacher Certification Law.

(b) The professional educator may not engage in conduct prohibited by:

(1) The Public School Code of 1949 (24 P. S. § 1-101—27-2702) and other laws relating to the schools or the education of children.

(c) Violation of subsection (b) shall have been found to exist by an agency of proper jurisdiction to be considered an independent basis for discipline.
