## 'BLOCK'

In 2020, Brennan premiered her award winning film LGBTQ+ film 'BLOCK', in which she wrote, produced and starred in. The film is based on her mental journey in coming out of the closet, but at its core, it's "a rom-com about self love".

## Carrie Brennan

Carrie Brennan is a professional speaker and filmmaker who believes in telling stories that inspire people to see the best in themselves. Her talks give people the power to release whatever "Blocks" they carry, so that they can show up in the world living their truth.
