## College of Health Sciences

### STRATEGIC PRIORITIES

- Develop and deliver exceptional learning opportunities in health science education to undergraduate, graduate, and continuing education students.
- Contribute cutting edge research, scholarship and thought leadership in health science that improves public health and well-being.
- Improve health equity, outcomes and healthcare services for people in our local community, while maintaining a global perspective.
- Foster supportive learning environments, collaborative workspaces, and a culture of innovation, across disciplines within the college and university.
- Recruit, retain and create a welcoming and inclusive environment for faculty, staff, and students who reflect the diversity of our world today.
- Engage alumni, as well as nonprofit, philanthropic, public, and business leaders, as champions and supporters.
