**Department of Music** 

# **Equivalency Program in Music Therapy**

A Cooperative Program with West Chester University

The equivalency program in music therapy at Immaculata University provides students enrolled in music degree programs at West Chester University with the opportunity of becoming eligible to enter the field of music therapy. This is accomplished by electing music therapy course work and clinical training at Immaculata University, during or following study at West Chester University. The equivalency program involves 26 credits of course work in music therapy, additional course work beyond music therapy (credits vary depending upon where courses are elected), approximately 200 pre-internship clinical training hours (consisting of simulations, observations, and field work), and approximately 1000 hours of internship (see page 2 for details). This program provides West Chester Students with the experience and competencies required to become candidates for music therapy board certification. Once a candidate, a student may take the certification examination administered by the **Certification Board for Music Therapists (CBMT)**. Upon passing this examination, the candidate earns the credential **Music Therapist—Board Certified (MT-BC)**, and thus attains professional status as a music therapist.

The equivalency program in music therapy at Immaculata University is based upon educational guidelines specified by the **American Music Therapy Association (AMTA)**. Immaculata University also offers the Bachelor of Music in Music Therapy degree and the Master of Arts in Music Therapy degree, both of which are provided through programs approved by AMTA, and accredited by the **National Association of Schools of Music (NASM)**.

<sup>\*</sup>Internship may be taken during summer, provided both on-site supervision and individual or group academic supervision is available

<sup>\*\*</sup>Prior to enrollment in MTR 300 and MTR 400 (Music Therapy Practicum and Music Therapy Internship), student must demonstrate functional proficiency on piano, guitar, and voice. Course work and/or private lessons to help the student meet this prerequisite may be taken through an academic institution for credit, or on an independent basis. Regardless of the specific means through which the student addresses the functional proficiency requirement, the specific instructional content must be coordinated and/or approved by the Director of Music Therapy at Immaculata University. It is highly recommended, though, that WCU students utilize lessons at IU that address clinical music skills with those faculty teaching IU music therapy majors. Students complete three music skills evaluation, undertaken at the end of sophomore and junior years, and at the end of the fall semester in senior year.

<sup>&</sup>lt;sup>1</sup> Course times are subject to change

<sup>\*</sup> Forum times for Practicum and Internship vary by semester

# **Entrance Requirements**

The equivalency program in music therapy at Immaculata University is open to any student enrolled in an undergraduate degree in music at West Chester University. Students enrolled in the Bachelor of Music in Elective Studies degree program may utilize the required music therapy courses at Immaculata University as the outside area.

Students interested in this program must meet with the Director of Music Therapy at Immaculata University to demonstrate current functional music proficiency and to discuss their interests and qualifications pertaining to the equivalency program in music therapy. For the audition component, the student must prepare two contrasting pieces (preferably memorized): A formal piece (typically in classical style) emphasizing the student's primary medium (instrument or voice), and a song (typically in a "popular" style such as folk, rock, show tune, etc.) in which the student uses either piano or guitar to accompany herself or himself. The entire audition and interview process requires approximately thirty minutes, and may be scheduled at the mutual convenience of the student and Director.

# **Program Registration**

Registration materials are available through the College of Lifelong Learning at Immaculata University. These may be accessed on line at <a href="http://www.immaculata.edu/admissions/cll/onlineapp">http://www.immaculata.edu/admissions/cll/onlineapp</a> or by calling 610-647-4400 ext. 3236 to request materials by mail. Students should inform the College that they are registering for specific courses in order to pursue certification in music therapy, while completing a degree elsewhere.

## **Tuition and Fees**

Tuition and fees for course work at Immaculata University are NOT INCLUDED in tuition and fees paid to West Chester University, and therefore must be paid to Immaculata University. Please contact the College of Lifelong Learning at Immaculata University for the current schedule of fees.

To ensure proper recognition of financial aid status based upon total combined course work taken at both West Chester University and Immaculata University, students are advised to contact the financial aid offices both of West Chester University and of Immaculata University.
