Student Military Status Information Policy

Accommodations for individuals with disabilities in accessing these policies are available upon request by emailing accessiblepolicy@wcupa.edu.

Purpose

West Chester University invites students to share their military history with the university. This information is voluntary, but students are encouraged to provide the information as a way of engaging with the support services for active military members, veterans, and their dependents.

Military service information is used internally at WCU to understand the current and previous experiences of our students, to offer support services and programming, and to connect students to resources and peers. This information is not publicly shared and will be protected in compliance with the university FERPA policy. Information is used for state and federal reporting as required.

Students have access to add or modify information related to their military status at any via myWCU.

WCU military status elements include students current and past military service, as well as students' status as dependents of a member of the military. WCU does not collect any information regarding the type of military discharge/separation a student experienced.
