OFF-CAMPUS SCHOOL OF BUSINESS AND PUBLIC AFFAIRS
CLASSROOM FACILITY

The School of Business and Public Affairs (SBPA) has recently completed a strategic plan which concluded that they can best serve graduate program needs of the region if their offerings were located with visibility and easy access to Route 202 and/or the Route 30 bypass and tied to a high-quality fiber network. Upon completion of the plan, contacts were made with several realtors and developers to determine availability of property to meet these requirements. Available properties were identified and each was investigated. One of the properties was found to best meet the School’s objectives: a property developed and owned by John Drury near Boot Road and Route 202 with ideal visibility, well-developed surroundings, generous parking accommodations, fiber optic connectivity, and a suitable availability date. After evaluation of the available properties, the University has concluded that the Drury property is the most acceptable alternative for off-campus SBPA development. The property is available May 1, 2002.

The property comprises 5.733 acres of land, together with a three-story, steel-framed brick and glass facility with a total gross square footage of 47,730. The owner/developer is expecting to outfit the second and third floors under a lease agreement with the University for offices, computer classrooms, breakout rooms, conference facilities, and study spaces to accommodate the various graduate programs of the School of Business and Public Affairs. The University will continue to lease this property until the purchase can be completed. The building is currently finished on the first floor (about 15,000 gross square feet) for office accommodations and is leased to local companies. These leases will continue after the purchase with the proceeds accruing to the University.

Many of the School’s graduate programs are currently housed in leased space in 211 Carter Drive. This lease is short term and will be terminated once the new facility is available for use. In order to expedite this purchase and the required finish work on the two floors that will be used by the SBPA (32,000 sq. ft), the University is proceeding with a lease agreement. At the same time this request is for authority to purchase the entire facility. The University has obtained an appraisal and is initiating other actions required for Council of Trustees and Board of Governors’ approval to purchase. Negotiations for purchase are not yet complete. The appraised value of the property is $7,200,000. The asking price is currently $7,159,500. The State System has been informed of the details of this transaction and are supportive and prepared to present this request after it receives Trustees approval to the Board of Governors at the April 2002 meeting.

A briefing on the property and the advantages of ownership was presented to the Campus Development and Facilities Committee and the Finance and Budget Committee on November 15, 2001. In order to proceed, the Council of Trustees must approve the attached resolution.

Allocation of Educational Services Fee

Tuition increased to $2,008 per semester for FY02 for full-time undergraduate students. This increase results in a $11 per semester increase in the Educational Services Fee. West Chester University's policy states that the Educational Services Fee is calculated as 10% of the undergraduate full-time tuition rate. It has been projected that the fee increase will generate an estimated $230,000 in additional revenue for FY02. The resulting increase in revenue must be allocated by the Council of Trustees.

It is proposed that this additional revenue be distributed in the same proportions as approved previously by the Council of Trustees.

FY03 Rate Proposals

The University faced many challenges in developing the rate proposals for FY03. Funding for the ongoing LAN upgrade and sprinkler mandate as well as routine operating cost increases continue to impact the projected budgets for the Residence Halls and other student-related operations including Food Service, Sykes Union and the Student Health Center. The directors and managers in the Admin/Fiscal Affairs and Student Affairs divisions continue to be sensitive to the financial needs of our students and work diligently to contain costs while maintaining and improving the level of service to the student community. It should be noted that the proposed fees for FY03 include the addition of the Weekend Program and Events funding in the Sykes Union budget, basic cable service for all residence hall living areas, and implementation of the Campus Card Program.

The FY03 proposed rates have been reviewed and approved by all University constituencies including ABC (Administrative Budget Committee), UBC (University Budget Committee), President's Council, SGA (Student Government Association) and the President's Breakfast Group, which includes student leaders from across the campus. It is generally believed that the rate increases as presented are in keeping with the University's philosophy of minimizing the impact to students.

 Increases in FY03 tuition rates are not available at this time. Because of the uncertain budget outlook, the University is reluctant to project any increase in tuition and the educational services fee. Although a tuition increase is anticipated for FY03, the actual rate is beyond the University's control and will be determined at a later time by the SSHE Board of Governors. The Council of Trustees will be advised of the FY03 tuition rates and educational services fee once the Board of Governors has made this decision.

All proposed budgets and corresponding rates include salary increases as mandated by collective bargaining agreements and fringe benefit rate assumptions as supplied by the System office. Once again, these increases are beyond the direct control of the University as they are negotiated centrally by either the Commonwealth or the State System of Higher Education.

The SSI rate, which is also externally determined, is currently under discussion by the SSI (Student Services Incorporated) Board. No decision has been reached at this time; however, this information will be made available if and when a rate increase is approved by the SSI Board.
Overview: Projected increase of $158/semester or 6% overall increase in Mandatory Fees (excluding tuition and educational services fee)

- $158 increase (or 6%) for combined Room, Board, Sykes Union, Health Center and Parking Improvement fees
- Includes contractual salary increases of 3.5-4% and benefit rate increases of approximately 10% (depending upon bargaining unit)
- Continued installation of LAN upgrade and sprinkler system in the Residence Halls
- Slight increases for utilities and a 22% increase in water rate as determined by Philadelphia Suburban Water Company
- Continued contribution to Information Services Five-Year Plan to update infrastructure and incorporation of new technology

Health Center: $53/semester (increase of $3/semester or 6%)

- Fee has not increased in four years
- Increased costs associated with increased student usage including:
  - Waste disposal, copier rental, fire safety services, postage, printing, supplies, and prescriptions
  - Staff development costs as mandated by Pennsylvania Nurses Association contract
  - Increase in number of educational outreach programs
- Reserves will also be used to offset increase in expenditures in excess of revenue in FY03 to minimize impact to students

Sykes Student Union: $55/semester (increase of $4/semester or 7.8%)

- Continues assumption of $150,000 payment for E&G use of Sykes
- Addition of Weekend Program and Events operating support
- Includes new permanent nine-month clerical position in support of the Off-Campus Life Program

Sykes Student Union Expansion Fee: $60/semester

- No increase requested

Residence Halls: $1,731/semester North, $2,007/semester South (increase of $121/semester North, $140/semester South or 7.5%)

- $65/semester to fund LAN upgrade ($40/semester increase from FY02)
- $23/semester to fund Sprinkler System installation ($5/semester increase from FY02)
- $30/semester to cover the addition of Basic Cable Service
- Projected revenue reflects conversion of third floor of Wayne Hall from offices to student living area
- Increase in Residence Life operating budget to enhance programming in the residence halls and campus wide
• Increase in Fire Safety budget associated with increased cost for third-party inspection services and maintenance and repair costs
• Conversion of three nine-month RD positions to twelve-month positions
• Increased salary costs resulting from review and revision of starting salaries for Police Officer 1 positions (to reduce employee turnover and be more competitive with local municipalities)

**Food Service:** $842/semester – 14-meal plan (increase of $18/semester or 2.2% -- 14-meal plan)
• Covers contractual increase in Food Service Cost based on annual CPI
• Includes fees associated with implementation of the Campus Card Program

**Orientation/New Student Program Fee:** $105/semester – first-year students only
• No increase requested
• In lieu of a fee increase to students, the University provided $15,000 in base operating funding in FY02 to support a First Year Student Program

**Parking Improvement Fee:** $24/semester (increase of $12/semester or 100%)
• Second year of three-year phased in fee to improve campus parking (approved Student Referendum April 2001 and by Council of Trustees May 17, 2001)

**SSI:** $80/semester
• Fee increase not determined at this time
