Final Exam Policies:

1. Courses with any synchronous meeting pattern (in person or distance) are assigned a final examination time.
2. Individual faculty members **may not** change published final examination times.
3. No final examination may be given outside of the scheduled final examination time; no final examination time can be extended by individual faculty members.
4. Any course not having a final examination will meet as directed by the instructor *during the scheduled examination time*, not regular course time for a continuation of the regular class work.
5. Fully asynchronous courses are not assigned a final examination time. Asynchronous courses that include a final examination will indicate so on the syllabus and will administer that assessment asynchronously during the final examination period for that term.
6. Any student who has three or more final exams scheduled for the same day may, no later than one week prior to the final exam time, work with the individual instructors to arrange alternative exam times.
