

# Fall 2020 Class Search Guide

## Instruction Mode Definitions

<b>Remote synchronous (RS)</b>	Fully remote course that offers days/times for the instructor and students to “meet” virtually.
<b>Remote Asynchronous (RA)</b>	Full remote course that does not require students to engage on specific days/times.
<b>Online (OL)</b>	Fully online course that did not experience any changes with the move to remote learning for fall 2020 term.
<b>Hybrid (HB)</b>	Courses that offer some in-person engagement. Student enrolled in hybrid course, have a Hybrid Class Selection section on their myWCU homepage where they may indicate their comfort engaging in-person.

## How to Search for Classes

- If you know the Subject (i.e. PSY) and Course Number (i.e. 100), you can search on that criteria only and all four Instruction Modes listed above will appear.
- If you want to complete a board search (i.e. search for all courses that fulfill the Science Gen Ed requirement), all 4 instruction Modes listed may appear in the search results.
  - You may further narrow your search results by searching for courses based on the Mode of Instruction, which is available within the Additional Search Criteria section.

The screenshot displays a search interface with two main sections: "Class Search" and "Additional Search Criteria".
