A student in my course reports a positive case of COVID-19. What do I do now?

**FACULTY**

Fill out form reporting case

Decide best way to continue instruction for isolating student

Zoom student in using classroom tech

Record or otherwise post class presentations

Meet with student to develop alternative plan

What about me? Was I exposed? Do I quarantine? See next page for the Faculty Exposure flowchart

**STUDENT**

Student Isolates as directed by Testing & Case (T&C) Coordinator

Student reports case on form, initiating contact tracing

Follow instructions from T&C Coordinator regarding return to class
A student in my course reports potential exposure to COVID-19. How should I respond?

Did you spend at least 15 minutes within 6 feet of the COVID-19+ person over 24 hours?

**YES**

- Stay home, isolate, monitor symptoms, contact health care provider about testing.
- Return to class only after 14 days, negative test, and symptom free.

**NO**

- If fully vaccinated, do not quarantine. Get tested after 3-5 days and mask when indoors.
- If not vaccinated, stay home, quarantine, monitor symptoms, get tested after 3-5 days.

Guidance based on information from CDC
A student in my course is positive for COVID-19.

What do I do to protect myself and those I come into contact with?

The CDC considers a number of factors in determining if a “close contact” has occurred, including the type, proximity, and duration of exposure, environmental factors (such as crowding and ventilation), vaccination status, and mask use.

Was everyone masked in class? Were air purifiers working?

YES

Are you fully vaccinated?

Your risk of exposure and transmission is low. If concerned, get tested on campus 3-5 days after the class meeting.

NO

Contact your chairperson or dean.
STUDENT: I tested positive for COVID-19 and am isolating off campus. How do I keep up with my courses?

Fill out form reporting case

Are you symptomatic to the point you cannot do schoolwork?

YES

Stay home, isolate, and rest up. Consult your physician.

NO

Contact your individual professors to find out how they want you to keep up with coursework.

Return to class only after cleared by Health Services with a letter you must provide to your professor.
