WCU Student Veteran Frequently Asked Questions (FAQs)
Update: 3/19/2020

Will my GI Bill Education Benefits be affected by the change in modes of instruction to remote delivery?

- Post 9-11 recipients will not see a change to their Basic Allowance for Housing (BAH) stipend for the spring 2020 semester only. Their classes will be considered hybrid (combination of on-line and in-class/on campus delivery modes) and VA will continue to pay housing stipends as certified. If students elect to take all, on-line classes for subsequent semesters, BAH will be reduced to ½ the national average (currently $850.00).

- Per Guidance from the Philadelphia office, Vocational Rehabilitation recipients will continue to receive Chapter 31 residential rate if the class was already certified as residential for the remainder of the term.

- VA notified School Certifying Officials (email dated 3/13/20, subject: impact of COVID-19) that Congress has introduced legislation that, if enacted, will alleviate the impact to GI Bill beneficiaries for a switch to pursuit solely through distance education. VA will provide further guidance by Wednesday, March 18, 2020.

  - VA notified School Certifying Officials (email dated 3/18/2020, subject: update to impact of COVID-19) that the legislation is still pending regarding COVID-19 and how it may impact GI Bill students. Their email further stated the Education Service Office has determined that students who have started their enrollment period and attended at least in part as resident training are eligible to continue to receive the Military Housing Allowance (MHA) at the in-resident rate for the entire enrollment period. Guidance will be provided in the coming days based on Congressional action. Students having questions about their GI Bill can contact the
Education Call Center at: 1.888.442.4551 between 8 am and 7 pm Eastern Time, Monday – Friday.

- VA notified School Certifying Officials (email dated 3/19/2020, subject: Important GI Bill update: Congress Pass New Legislation Due to COVID-19) with the following information:

  - Over the past two weeks, VA has worked with Congress to preserve GI Bill benefits for impacted students during this difficult time. The Senate and House passed S.3503 and the bill will be headed to POTUS to sign, which will give the Department of Veterans Affairs (VA) the authority to continue GI Bill payments uninterrupted in the event of national emergencies. The new law allows for VA to continue to pay benefits regardless of the fact that the program has changed from resident training to online training. Also, students will continue to receive the same monthly housing allowance payments that they received for resident training until January 1, 2021, or until the school resumes normal operations of resident training. VA is working to immediately implement the new changes to address current and future school terms to ensure students continue to receive their education benefits.

  - What should GI Bill Students know?

    - There is no action required from a GI Bill student. VA has scheduled several training sessions with all VA approved schools and training facilities over the next couple of days to provide further guidance. We will work closely with schools to ensure enrollments are accurately certified and processed timely.
- We are committed to providing regular updates to you through direct email campaigns and social media about VA’s effort to implement these new changes.

- If you have questions about your specific circumstance, please contact the Education Call Center at: 1-888-442-4551 between 8 AM and 7 PM Eastern Time, Monday-Friday.
