Welcome to the 16th annual Aid to South Africa fundraiser! Hosted by the West Chester University Honors College, A2SA is the Honors College's largest philanthropic event.

The first-ever A2SA carnival took place on a cold, rainy Saturday in April of 2008. Nevertheless, its founders persevered through the less-than-desirable conditions to support their South African beneficiaries. 16 years later, we, too, are adapting to an unexpected situation. When WCU learned that it would continue remote learning for the 2020-21 school year, the A2SA team jumped into action. We have planned a series of virtual events to take place throughout the fall and spring semesters. Check out our first event on the left-hand panel!

Now more than ever before, we are committed to supporting our friends in South Africa. This edition of the A2SA newsletter highlights the amazing work of our three beneficiaries. Keep reading to learn more about Nkosi’s Haven, the H.E.L.P. Ministries Soup Kitchen, and Mosaic!

Thank you for your support in this historic year for A2SA!
